SHRAVAN CHATURVEDI

Full Stack Devloper

shravan190805@gmail.com | www.linkedin.com/in/skcofficial

PROFILE

Pursuing a BCA with a specialization in Data Science, I focus on building scalable, user-friendly web applications using technologies like the T3 Stack, Flask, MERN, and Django. Proficient in MongoDB, SQL, and machine learning, I am currently learning DevOps and AWS to enhance my expertise in seamless deployment and web application management. Beyond tech, I enjoy traveling for new perspectives, mastering DaVinci Resolve, and engaging with NGOs to grow personally and professionally.
